

THE SALESIAN CENTER
FOR FAITH AND CULTURE

presents

a special dramatic performance

BRANCH RICKEY

performed by Chuck Chalberg

Branch Rickey may no longer be a household name, but he changed the face of America. Come hear him expound on any number of baseball and non-baseball topics, most importantly, his decision to sign Jackie Robinson to a Brooklyn Dodger contract. His historic meeting with Jackie Robinson is now a part of American folklore. But it is only one part of the Branch Rickey story. Hear him out and you'll know why:

"Luck is nothing more than the residue of design."

Dr. John "Chuck" Chalberg delights audiences throughout the United States with his historical impersonations of American and British characters. He has performed for state chautauquas all over the country, as well as for many colleges and business groups. All of his characters take unrehearsed questions from their audiences.
